

SPONSORSHIP REQUEST

Needs Beyond Medicine is a nonprofit organization whose mission is to decrease the burden of cancer by increasing awareness, education, and relief to cancer patients. Needs Beyond Medicine's primary focus is to offer assistance by enhancing the quality of life for those diagnosed with cancer through educational and financial support.

-Mission Statement-

Cancer takes an enormous financial, emotional, and physical toll on individuals and their families. Needs Beyond Medicine is an organization based in Salt Lake City working to decrease the burden that a cancer diagnosis brings, and to increase support for cancer survivors.

The *Relief Program* gives financial assistance grants for cancer patients that can be used for non-medical expenses such as utilities, groceries, and transportation costs. These grants bring much-needed relief to those undergoing medical treatment throughout Utah. Patients often must reduce work hours or stop working entirely while in treatment, significantly decreasing their income. The *Relief Program* is supported through community donations and grants, and is an invaluable resource to patients and their families.

Needs Beyond Medicine also offers community education on the importance of early detection and to raise awareness of all cancer types. All of the seminars are free and offer attendees additional resources for prevention.

Relief Program

Needs Beyond Medicine's *Relief Program* creates financial assistance grants for cancer patients. These grants can be used to supplement living expenses classified as a non-medical expense. Examples of such living expenses include rent, utilities, groceries, transportation costs, and more. These grants help to provide much needed relief for adults facing the greatest fight and period of hardship in their lives.

***Relief Program* Facts**

- To date, Needs Beyond Medicine has assisted over 900 cancer patients with living expenses while they were undergoing treatment.
- Needs Beyond Medicine will assist patients with any type of cancer, but roughly 50% of applicants are being treated for Breast Cancer.
- 50% of applicants are uninsured.
- 32% of applicants have a total annual family income of less than \$10,000.
- 90% of applicants have a total annual family income of less than \$45,000.
- Many of the patients we serve do not live near a cancer treatment center. Some applicants need to travel up to two hours to get to treatment, 4-5 times a week. *Relief Program* funds assist these patients with out-of-pocket transportation and fuel costs.

Education

Needs Beyond Medicine offers educational programs to raise awareness of various types of cancers. The emphasis of our educational programs is to help the general population understand the signs and symptoms to early detection of cancer. All of Needs Beyond Medicine's educational seminars are free to the public and offer basic information on early detection.

General Sponsorships

Needs Beyond Medicine has a variety of sponsorship opportunities throughout the year. If these packages do not work for you, we accept and appreciate cash donations of any amount.

NBM Partner of the Year (\$15,000)

Presenting sponsor of Needs Beyond Medicine
