

Relief Golf Tournament

Needs Beyond Medicine (NBM), would like to invite you to join us for our seventh annual Relief Golf Tournament at Thanksgiving Point Golf Club.

Your sponsorship and participation provide much needed financial support to help this important program, and to allow NBM to continue and enhance its mission to help more survivors.

The Relief Program is supported through community donations and grants, and is an invaluable resource to patients and their families. The program has assisted 1,516 cancer patients through 2019. Needs Beyond Medicine also offers community education on the importance of early detection, and to raise awareness of all cancer types. All of the seminars are free and offer attendees additional resources for prevention.

Needs Beyond Medicine is dedicated to helping cancer patients pay for non-medical expenses while undergoing medical treatment. Our mission is to decrease the burden of cancer by increasing awareness, education, and relief to cancer patients. Needs Beyond Medicine is focused in an effort to offer assistance toward enhancing the quality of life for those diagnosed with cancer through educational and financial support.

Needs Beyond Medicine helps cancer patients cover the day to day expense of living life while they are in cancer treatment. For many cancer patients the costs of cancer treatments are overwhelming to them and their families. Many cannot afford to pay their living expenses as they undergo treatment because they are unable to work, or their providing partners have to significantly change their work routine to help care for their sick partner. NBM provides grants to cancer patients to help cover non-medical expenses while they undergo treatment.
